

Integrated Twi and Farefare or a tutorial on modern-day Metu Neter

ABOUT TUTORIAL

By using a research-based approach to teaching that presents integrated concepts in highly connected and contextualized modules, Kwame Adapa has succeeded in achieving the near impossible, which is to teach Twi and Farefare the way he and other native speakers understand and think in the language. In this tutorial, you will learn to think in Twi almost as if you were using the language like a native speaker. Learn Twi in a way that the Twi language will go directly into the root of your very being. Beginner to intermediate levels for Twi, and beginner level for Farefare, each with many modules of instruction and practice

Totally new material in this tutorial!!!!
